### KCCF AQUITTAL REQUIREMENTS

The Commission is required to undertake a full evaluation of how the grants provided from Royalties for Regions were utilised and what benefits were accrued from the project through the provision of those funds.

Your acquittal requirements are detailed in Schedule 2 of your Grant Agreement.

The intention of the acquittal is to compare the actual results to the original proposal. This includes not only the project outcomes and benefits but also the financial aspects such as the total project cost, other partners, various incomes, how the money was spent compared to the proposal and to satisfy auditors that that government funds were appropriately expended and that all conditions have been met.

You are required to complete the *Project Aims and Objectives Report* and the *Statement of Income and Expenditure* on the following pages and have signed where required. Following receipt of this Acquittal Report, the Commission may request additional information from your organisation to finalise the acquittal.
